

Manage your school community relations all in one place

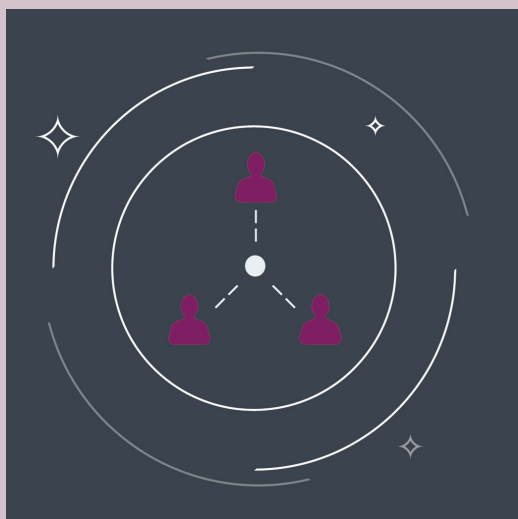

WCBS schoolALUMNI is an online community portal, fundraising database and website, all rolled into one which administrators, alumni and supporters can access on any device, anywhere, at any time. It provides you with immediate, hassle-free access to all the functionality you need to manage your school community relations.

Your school community are your greatest global ambassadors. An engaged and supported community will offer you invaluable marketing and promotion alongside their willingness to share their skills, experience and expertise with both your institution and your current pupils.

- Links with social media
- Multi-skins for targeting different groups

Find out about the fantastic benefits we offer for independent and international schools across all departments, from managing events to fundraising, marketing to member engagement and much more.

WCBS® school ALUMNI

Improving efficiency and saving costs

You gain efficiencies and save money by running a single system to fundraise, process payments, manage events, communications, and your community database in one centralised software solution. All delivered in real time without the need to rely on (or pay for) external third-party software.

This means keeping control of your own data with all member engagement statistics stored permanently for fundraising analysis.

Maximise Funds and Donations

Our fundraising database and integrated payment gateway enables you to conserve resources by identifying and targeting prospects with the highest propensity to give. Together with boosting much needed funds through selling merchandise, crowd fundraising, campaign pages and online payments.

Increase Productivity

Make quicker, more efficient decisions with intuitive reporting, data analytics, exports and search tools. WCBS schoolALUMNI simplifies and speeds up daily tasks to alleviate the ever-increasing staff pressures and workload.

Boost Member Engagement and Support

WCBS schoolALUMNI provides you with all the tools you need to communicate and engage your community with attractive photo boards, online polls, interesting news and events, bulletin boards, networking opportunities via the inbuilt mentoring and business directory. All user interaction with the site is tracked and displayed within member engagement timelines.
