

Get ready for the big shake up in billing software

Introducing the Next Generation Cloud Native Income System for Independent and International Schools, HUBincome will be available as a standalone income solution, or as an additional module within HUBmis.

HUBincome is the only cloud native income system designed specifically for Independent and International Schools.

We have combined the comprehensive functionality of our reliable passBILLING module with the 10x better UX of our HUBmis platform. All built on a next generation cloud native platform.

The solution will have the unparalleled billing power of passBILLING, combined with the technological advancements and incredible user experience of the HUB platform.

HUB MIS income admissions

HUBincome will be the latest addition to the HUB Next Generation Cloud Native product suite - a standalone product or fully integrated with HUBmis and HUBadmissions.

Your choice to integrate

HUBincome will give you the flexibility to integrate with the finance solution that best suits your school, whether that's our tailored finance offering, Cloud Finance, or those such as Xero and Sage.

HUBincome provides the unique functionality that a fee paying school requires, allowing the split payments between parents, grandparents and other guardians or donors.

HUBincome will comprise:

- **Fees** - Manage all aspects of pupil related billing including fees, extras, scholarships and Bursaries
- **Sales** - all other sources of income such as hires, lets and enterprise companies can be managed in one place
- **Credit Control** - Unlike many other competitors, HUBincome has a fully integrated credit control system as standard
- **Shop** - designed to manage school shop sales either on premise or online

Our cloud native product range

With £5 million invested over 3 years, the HUB platform is the future of EdTech for Independent and International Schools.

HUB has been designed, built and delivered specifically for the cloud, and offers a digitally familiar user interface, with a 10x better user experience requiring little to no training, and has integration capacity with any third party EdTech product via API.

HUBincome Focus Groups

Get involved with the HUBincome focus groups to share your thoughts on the future of income management, and ensure your next income system meets all of your needs.

Receive a FREE welcome pack, including a HUBincome notebook and reusable water bottle, when you sign up to the focus groups.
