

School Fee Collection that works for you

Making the switch to HUBpay

What is HUBpay?

HUBpay is the secure way to manage school fee collections, which works with passFINANCE. Modern cloud technology is utilised to offer an easy to use payment system, with simple reconciliation service.

Schools can now offer parents a variety of secure payment methods whilst saving time and cost in the bursars office.

The same functionality as before, and much more!

When you move to HUBpay, you'll get the same functionality as you had before, along with some additional bonuses that were charged as add-ons previously. These include payment notifications, international payment options and simple bank reconciliation.

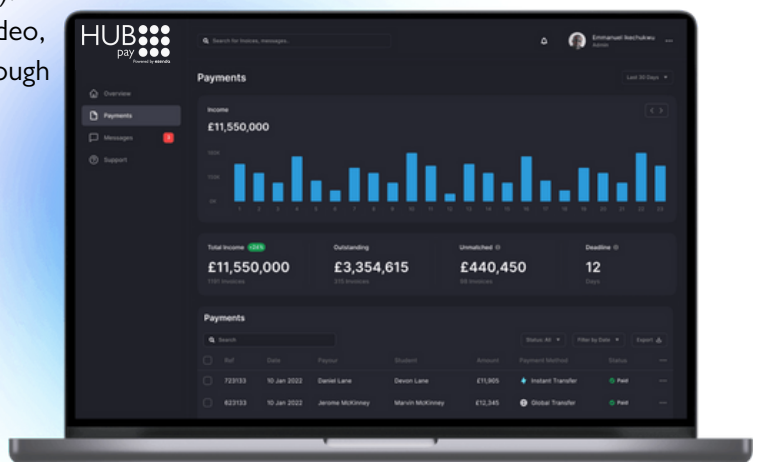

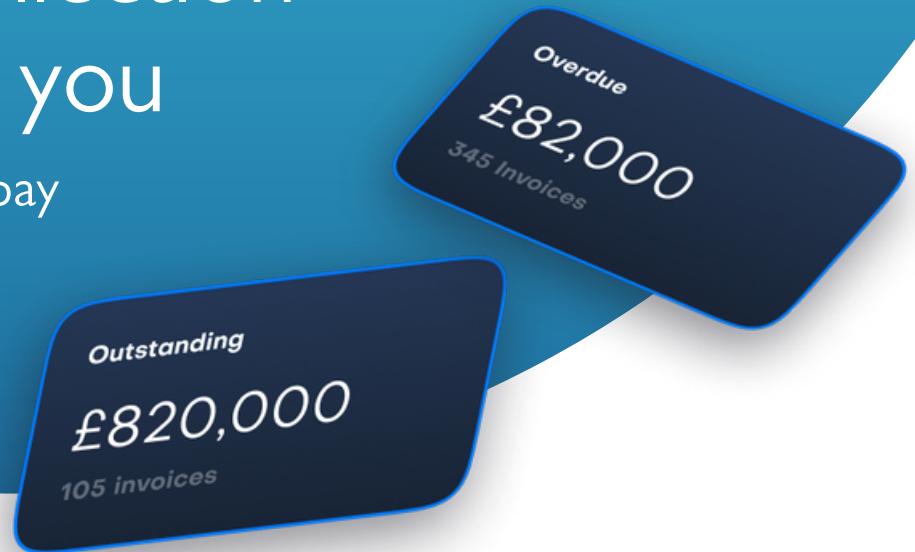

How does it work?

You simply supply some information in our short onboarding form before then sharing HUBpay's Bureau number with your bank(s). HUBpay will then provide you a quick user guide and training video, before creating an export of the AUDIS files to then upload through your school's portal. Nothing changes in passFINANCE at all.

HUBpay Premium!

HUBpay Premium offers even more, at a lower rate than you would have paid previously. This includes HUBpay's renowned simple payment links on your invoices, as well as card payments and more!

Reach out to your WCBS Customer Account Manager to find out more.
